

PUBLIC NOTIFICATION

Public Environmental Information for the Second Quarter of 2026 Regarding the Impact of the Activities of Rompetrol Well Services S.A. – GOVORA SECTION, Located in Mihăești village, Stupărei Village, Vâlcea County

Our company is a specialized service provider performing special operations on oil and gas wells, under NACE Code 0910. The Govora Section employs a total of 4 staff members.

Rompetrol Well Services S.A. – Govora Section is continuously committed to improving the services provided to its client, OMV Petrom, while complying with all applicable environmental protection requirements. The company's main activities are carried out within its clients' well sites and include well stimulation operations, plug and squeeze cementing, pumping of fluids into the wellbore, and pressure testing. These specialized operations are performed using state-of-the-art vehicles and equipment, which ensure the highest levels of operational safety.

Our activities involve hazardous substances, such as hydrochloric acid. This product is the property of the client and is transported to the well sites by tanker trucks. Transportation is carried out safely and in compliance with the provisions of the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR). All operational personnel have been trained in accordance with emergency response plans for accidental pollution incidents, and the site is equipped with specialized absorbent materials to ensure immediate intervention for the removal of spills and residues should accidental pollution occur.

During the second quarter of 2026, no accidental pollution incidents or other events that could have adversely affected the environment occurred.

The Govora Section holds Environmental Permit No. 95/08.07.2019, issued by the Vâlcea Environmental Protection Agency (APM Vâlcea), for which the annual endorsement for the current year has been obtained. No sanctions were imposed following inspections carried out by the competent authorities.

Additional information regarding environmental matters may be obtained from the Environmental Responsible Person, Răzvan Barbieru, at +40 244 544 321 or +40 244 402 207.
