

PUBLIC NOTIFICATION

Public Environmental Information for the Second Quarter of 2026 Regarding the Impact of the Activities of Rompetrol Well Services S.A. – Headquarters Located at 2 Bis Clopotei Street, Ploiești

Our company is a specialized service provider primarily performing well intervention operations for oil and gas wells, under NACE Code 0910. A total of 87 employees work at the company's headquarters in Ploiești.

Rompetrol Well Services S.A. is continuously committed to improving the services provided to its clients, including OMV Petrom and Romgaz S.A., while complying with all applicable environmental protection legislation. The company's main activities are carried out at its clients' well sites and include casing cementing operations, plug and squeeze cementing, pumping of fluids into the wellbore, and pressure testing.

In addition, the company's headquarters includes facilities for the storage of bulk well cement and its loading into specialized container trucks.

Our activities do not involve substances or products that are hazardous to the environment. All employees have been trained in accordance with emergency response plans for accidental pollution events. The site is equipped with specialized absorbent materials to ensure immediate response for the removal of spills and residues in the event of accidental pollution.

During the second quarter of 2026, there were no accidental pollution incidents or any other events that could have adversely affected the environment.

The company holds Environmental Permit No. PH-66/26.02.2014, revised on 19.02.2024, issued by the Prahova Environmental Protection Agency (APM Prahova), for which the annual endorsement is obtained. No sanctions were imposed following inspections carried out by the competent authorities.

In accordance with the requirements of Environmental Permit No. PH-66/26.02.2014, revised on 19.02.2024, industrial wastewater discharged into the municipal sewer system is monitored annually.

Additional information regarding environmental matters may be obtained from the Environmental Responsible Person, Răzvan Barbieru, at telephone numbers +40 244 544 321 or +40 244 402 207.
